LOT 805

A late Victorian burr walnut breakfront credenza, the moulded top above a pair of glazed panel doors flanked by cupboards with turned and fluted columns, on a plinth base, height 129cm, width 275cm, depth 42cm.

Estimate: £400 - £600

Condition Report

Slightly highly polished surface with some overall minor scuffs and marks. Small area of blistering and lifting of veneer to top left-hand side. The doors are not warped but a few sections of the plinth are loose and the side doors are a little stiff to open. Structurally the base just needs some fairly straight forward attention and then everything should feel a bit more solid. There are a few chips and half of one of the rosettes is lacking. Interior lining faded and worn.
