

Furniture / Friday, 29th December 2017 / Lot 907

## LOT 907

An early 20th century Japanese red lacquered circular occasional table with carved dragons and clouds, raised on downswept legs united by a stretcher, height 44cm, diameter 43cm.

Estimate: £40 - £60

---

## Condition Report

Some overall minor surface chips, marks and scuffs. A few chips to the scrolls that hold the stretcher and the stretcher has a few repairs. The top of the table has a light surface cracking to the finish which appears to have been re-finished at some stage, resulting in a slightly different colour.
