## LOT 2581

An oak cased one penny slot machine by R & W, London, with chromium plated mounts and polychrome celluloid back panel, printed with a horse racing winning post, height 73cm, width 52cm, together with ball bearing and a collection of pennies (later made case).

Estimate: £150 - £250

## Condition Report

2581. Appears to be in partly working order, as a bearing is ejected when a penny is put in, but the pay-out lever does not seem to be working and the lock on the main cabinet does not seem to be working, so unable to open at present. This is an old large penny machine.
