

Clocks and Barometers / Thursday, 22nd March 2018 / Lot 1095

LOT 1095

An early Victorian walnut circular wall clock with brass five pillar eight day double chain fusee movement striking hours on a bell, the silvered circular dial with black Roman hours and outer Arabic minutes, inscribed 'French, Royal Exchange, London', the circular moulded case with cast bezel and bevelled glass above a carved foliate scroll frieze integral bracket, height 49cm, with pendulum and winding key (restoration).

Estimate: £400 - £600

Condition Report

1095. A good quality twin fusee chain movement. In good condition. Complete and probably in working order. Case made up and of a later period than the clock. Good quality pendulum. Dial and case in generally good order.
