## Condition Report

4168. Some of the foam interior has deteriorated and misshapen slightly. Some slight fading to upholstery and a small nick to the right wing. There is no seat cushion and is lacking the manufacturer's label. One of the black plastic foot caps is chipped. Lot 4170 in this sale is from the same source and this chair bears the Hansen label, therefore we have little doubt that it is also made by Fritz Hansen.
