

20th Century Design / Friday, 23rd March 2018 / Lot 4169

LOT 4169

An Arne Jacobson 'Egg' chair, probably made by Fritz Hansen, upholstered in bright red fabric and raised on a revolving cast aluminium base, height 106cm, width 80cm.

Provenance: from the estate of the renowned artist, the late Alan Davie (1920-2014).

Estimate: £200 - £300

Condition Report

4169. The material around the seat and lower back has sagged slightly and there is a small stress crack through the aluminium upright support. There is no separate cushion and no manufacturer's label. Two of the black plastic feet caps are chipped. Lot 4170 in this sale is from the same source and this chair bears the Hansen label, therefore we have little doubt that it is also made by Fritz Hansen. The chair has a slightly uneven sewn edge and may have been re-covered.
