LOT 4171

An Arne Jacobson 'Swan' chair, probably made by Fritz Hansen, upholstered in cream fabric and raised on a revolving cast aluminium base, height 80cm, width 74cm. Provenance: from the estate of the renowned artist, the late Alan Davie (1920-2014).

Estimate: £300 - £500

Condition Report

4171. A few minor stains to the upholstery. Some of areas of oxidization to base and a little rust to the handle and screw head. Three of the black plastic caps are chipped and there is no maker's label. This chair however is identical to lot 4170 in the sale and we have little doubt that it is by Fritz Hansen.
