LOT 530

A gold, amethyst, demantoid garnet and half-pearl necklace, circa 1910, mounted with oval cut amethysts alternating with demantoid garnet set two stone divisions above amethyst and seed pearl drops, on an oval link neckchain with a cylindrical clasp, detailed '15c', length 39cm, total amethyst weight approx 20.00ct, total demantoid garnet weight approx 0.60ct, with a case.

Estimate: £400 - £600

Condition Report

530. Cut: oval cut amethysts with circular cut demantoid garnets. Colour: varying shades of purple and green. Clarity: mostly clear to the eye. The pearls have an attractive silvery lustre. In good condition commensurate with age. No obvious damage or repair. No apparent chips to gems but some typical minor surface abrasions. Weight 11.7g.
