### Condition Report

532. The intaglio is in association with the ring mount. The intaglio is of a rather basic quality. There is internal damage below the horse's rear legs. The definition of the jockey's face is poor. The gold surround is dented around the edge. There are some scuff marks around and below the rear end of the horse. The shoulders to the ring are rather crudely pierced. The intaglio is old but the ring shank is 20th century. Weight 4.7g.
