## Condition Report

1412. Octagonal bowl - quite extensive professional restoration to rim and comes in at least three places which includes some repainting and clear spraying to surrounding areas. The bowl interior would appear to be heavily repainted and sprayed, similarly the circumference of the bowl exterior above the footrim has restoration, repainting and spraying. Stained crazing to base. Circular bowl - approx 1/4 of bowl exterior with restoration which includes repainting, the interior has correspondingly been completely repainted with clear spraying.
