A pair of rose cut diamond pendant earrings, each mounted with the principal rose cut diamond to the drop, with later screw fittings, length 4.1cm.

Estimate: £150 - £200

Condition Report

654. Cut: old mixed cut diamonds. Clarity: approx SI1-I1, faint florescence. Colour: varying dark shapes. Carat: very approx 0.50ct in total. In fair condition commensurate with age. The screw fittings are in association with the drops. One rose diamond is missing from one earring. The earrings would benefit from careful professional cleaning. The backs of the earrings are rather dented and split to the centres of the bottom drops. NOTE: the backs of the diamonds are closed and therefore the carat weight is very approximate. Weight approx 5.8g.
