LOT 524

A gold, diamond and turquoise ring, mounted with three circular turquoise alternating with two pairs of cushion shaped diamonds, detailed '18ct', ring size approx Q, with a case.

Estimate: £100 - £150

Condition Report

524. One of the smaller turquoise stones has two chips to the edge. Otherwise turquoise is in good order but all have some light staining to surface which may possibly clean. Diamonds are dirty so appear a bit dull. Otherwise look fairly clear white stones. Otherwise ring in fairly good condition. Weight 4.1g. Diameter 5.5cm.
