LOT 2554

A pair of late 19th century oak gramophone record chests, each fitted with five drawers, width 35.5cm.

Estimate: £50 - £80

Condition Report

2554. The darker stained chest has a crack in the moulded top edging and both have overall minor wear and scratches. Generally both in fair condition. I would imagine the chests would have been available in different coloured stains and I don't think one has been re-polished. No other identifying marks or stamps to the chests.
