LOT 472

A gold mounted circular pendant locket with floral and scroll decoration, detailed indistinctly '9c', length 4.8cm.

Estimate: £70 - £90

Condition Report

472. It looks Victorian and is gold. There is no mechanism at the top, it is simply a suspension loop. Each side has a clip in securing ring. Glass is a bit dirty so would require a clean but there are some surface scratches as well.
