

British and Continental Ceramics and Glass / Thursday, 12th July 2018 / Lot 1544

## LOT 1544

A Moorcroft pottery vase, circa 1914-16, the baluster body decorated with Pomegranate design against dark blue ground, impressed marks and green painted William Moorcroft signature to base, height 32cm (restoration).

Estimate: £250 - £350

## Condition Report

1544. There is professional restoration to the base edge, foot and underside of the vase (the signature has been partially repainted). Heavily crazed overall. It is almost as if the vase has been drilled to accommodate cable at some point, but it has gone wrong.
