LOT 1540

A Moorcroft pottery flambé vase, circa 1928-45, the baluster body decorated with grape and leaf design, impressed marks and painted William Moorcroft signature to base, height 32cm (restoration).

Estimate: £200 - £400

Condition Report

1540. There is a professionally restored crack running horizontally around three-quarters of the body of the vase at its narrowest point in a wavy line. Another similar above this through the tips of the leaves running approx halfway around the body of the vase. These are only really noticeable on close inspection under a strong light. Otherwise the vase is in good order with typical fine crazing to the glaze.
