LOT 1107

A late 20th century mahogany cased Admiral Fitzroy barometer with broken arch pediment and glazed front, height 101cm.

Estimate: £50 - £100

Condition Report

1107. Overall not in bad condition but there has been separation in the barometer mercury so until this is attended to, or the mercury replaced, it cannot work. Possibly the thermometer and scale is a new replacement. Casework in sound condition.
