

Objects of Virtú / Friday, 13th July 2018 / Lot 2463

## LOT 2463

A 19th century Continental carved ivory portrait bust of Minerva, raised on a classical column, height 21cm (some faults).

Estimate: £250 - £350

---

### Condition Report

2463. Bust is in good condition with no significant damage or repairs. Plinth has broken corner to top platform which is missing and another broken and re-glued corner. Cylindrical plinth and circular socle is good but it is obviously missing a base as the attaching screw protrudes from the end.
