

Jewellery / Wednesday, 8th August 2018 / Lot 675

LOT 675

A gold, diamond, pearl and enamel curb link bracelet, the green and white enameled quatrefoil shaped front mounted with a cushion shaped diamond between red enameled baton shaped links, spaced with pearls, on a snap clasp, detailed '15', length 18.5cm (some damage to enamel).

Estimate: £250 - £350

Condition Report

675. This piece is possibly a marriage of three different pieces of jewellery. The two row baton link sides may have been part of a single row chain that could have been worn with a fob watch. The hollow curb link sides were probably original part of a plain bracelet. The central green enameled section might have been the top section of a pendant necklace. There is some damage, particularly to the red enamel of the baton shaped links. The pearls are of a silvery grey colour.
