LOT 610

A smoky quartz and moonstone oval pendant, mounted with the close backed smoky quartz within a surround of circular moonstones, length 6.8cm, with a case.

Estimate: £50 - £70

Condition Report

610. Base metal mounts, probably pinchbeck. The close back is very degraded with some re-touching of the gold colour. The pendant overall needs cleaning as the mounts have verdigris. There is a replacement gold loop suspension supporting the top section. One moonstone is loose in its setting. An element is missing from the top of the suspension. Quartz approx 3.2cm long. Main pendant including moonstone surround approx 4.4cm long.
