## LOT 2022

A George III Chippendale period mahogany dining chair, the pierced back carved with anthemion sprays above a shaped seat upholstered in green damask, raised on moulded block legs, height 96cm, width 56cm.

Estimate: £60 - £90

---

## Condition Report

2022. The chair is in fairly good order and is structurally sound. The flared section at the base of the splat back appears to be a later replacement, but otherwise all appears to be in good original condition. The rear seat rail has a few woodworm holes and the upholstery is supported by webbing.
