

Collectors' Items, Works of Art and Light Fittings / Friday, 10th August 2018 / Lot 2587

## LOT 2587

A late 19th century rhino horn handled walking stick with an ebony shaft, length 85cm, another ebony walking stick with silver pommel and a sectional composite walking stick.

Note: as this lot incorporates rhinoceros horn it would be very unlikely that a re-export certificate would be granted beyond the EU. Customers outside the EU are requested NOT to bid on this item.

Estimate: £60 - £100

---

## Condition Report

2587. The rhino horn has a small bruise and a tiny hole in the handle. The silver topped cane is quite dented and worn and the composite stick has numerous surface scuffs and wear.
