LOT 4157

A Victor Priem, Latvian studio pottery vase with narrow neck and compressed ovoid body, decorated with overlapping grey circles, signed and dated '70 near base, height 14cm.

Estimate: £50 - £80

Condition Report

4157. The rim of the neck has quite an uneven rough finish which would appear to be how it was manufactured, with some minor nicks/fritting. Two small nicks to the ribbed detail on the shoulders of the vase and two to the very top edge ribbed line. Otherwise good.
