LOT 2238

A set of four late 19th century Thonet bentwood chairs with pressed foliate panel seats, marked 'Thonet Austria' to seat rails, height 86cm, together with five other matched bentwood chairs, three by Fischel, Czechoslovakia, and two by Thonet, Poland, all with pressed crocodile skin effect panels.

Estimate: £300 - £400

Condition Report

2238. One of the set of four has a slight wobble but could probably just have the bolts tightened on the seat rails, otherwise fairly typical minor wear and some gapping to the bentwood roundels. The pair are in generally good order and the three Fishell chairs have overall surface wear and scuffs.
