## Condition Report

2017. Width 141cm not 134cm. Some of the edging veneer is replaced and some is missing to the edge of the upper pediment. There is a strip of moulding missing on the right side of the frieze and there are some overall other minor damaged areas to the veneer. The top is slightly warped so the doors don't quite line up properly. Handles are replacements but all locks are present. The drawer linings are cedar. No obvious evidence of any woodworm. The key is present.
