## Condition Report

87. Old relining. Previous cleans have left the mountains on the left a little 'thin', but elsewhere okay. UV examination highlights touches of overpainting sympathetically undertaken to sky. It also shows slightly heavier overpainting to the left and right edges, to the trees and to one bush in the foreground. Some craquelure, most evident to the top left. Old uneven varnish has started to yellow. Splatters of emulsion throughout. Frame with some chips and scuffs to extremities, some of which have been painted over quite sympathetically.
