LOT 2012

A set of six Regency mahogany bar back dining chairs and a pair of matching later made carver chairs, the overstuffed seats raised on turned legs, height 83cm, width 50cm (faults and alterations).

Estimate: £200 - £300

Condition Report

2012. PLEASE NOTE: both the carver chairs are later made reproductions and these are, unsurprisingly, in fairly good condition compared to the other six. One of the six has all four seat rails replaced with modern wood and a re-spliced rear leg. The other five chairs have woodworm to the seat rails and have repairs to damage on the backs, including substantial breaks to the back supports. One bar back and top section of support has been replaced at a later date. The six all need quite substantial work.
