Condition Report

515. The diamond slightly draws colour but looks to be a clear stone. There is some minor surface wear, particularly to the back of the shank where the marks are on the outside of the shank. Some of the gold highlighting to the front spills over from where it is intended to be in the design. Otherwise in good condition. Weight 9.1g. Width at front/widest point - 1cm. Diamond diameter - 4mm. Unable to measure depth due to setting.
