LOT 625

A single row necklace of forty-two graduated oval vari-coloured opaque and semi-translucent butterscotch coloured amber beads, gross weight approx 60.4g, length 77cm, length of largest bead 2cm, length of smallest bead 1.3cm, together with ten loose amber beads.

Estimate: £180 - £240

Condition Report

625. One amber bead has been badly broken in the past. One or two of the beads have surface reaching fractures. There is some variation of lustre to the beads, suggesting that some beads have been added in so as to lengthen the necklace. There are a few minor chips to some drill holes.
