

Jewellery / Wed, 3rd October 2018 / Lot 730

LOT 730

A single row necklace of fifty-one graduated oval butterscotch and honey coloured mottled opaque amber beads on a carved amber bead screw clasp, gross weight approx 47.9g, total length 70cm, length of largest bead 2.8cm, length of smallest bead 1cm (faults to one side of clasp).

Estimate: £400 - £600

Condition Report

730. There are some chips to the drill holes of some amber beads. Some beads are of such varied colour that they have most likely been added in so as to lengthen the necklace. One part of the clasp has been badly fractured in the past and is currently glued together. The clasp is now unreliable in terms of safety and requires replacing.
