LOT 735

A platinum, diamond and opal bracelet, the front set with an oval cluster, collet set with an oval opal within a surround of the ten principal cushion shaped diamonds, between diamond set four stone tapered shoulders, on a sprung bar link bracelet with a snap clasp, fitted with a safety chain, width of cluster 2cm, length 17.5cm, with an associated case.

Estimate: £1,000 - £1,500

Condition Report

735. The opal is a little watery with limited play of colour in some lights. This opal has a few surface reaching inclusions and small scratches. The surrounding old cut diamonds slightly draw colour, some have a few piqué inclusions which are reaching the surfaces of the table facets in some instances. Otherwise in overall good condition. Weight 12.8g.
