## Condition Report

28. Affected by damp with remnants of mould, bleaching and surface damage around the tyre, to the tractor and the grass and margin below. Significant tear running along the bottom edge of the tractor's tyre. Elsewhere there is browning or age toning to the paper. Light creases to the border that occasionally encroach into the image. One small pin hole above the tree on the furthest right. Modern frame with some scuffs and scratches. Unexamined out of frame.
