

Collectors' Items, Works of Art and Light Fittings / Friday, 5th October 2018 / Lot 2612

## LOT 2612

A late Victorian carved and painted rocking horse, length 130cm (faults and lacking rocker).

Estimate: £300 - £500

---

### Condition Report

2612. The tape across the rear leg is covering a repair, which seems solid but has used a modern screw. There is some minor woodworm to front right foot. The right ear has considerable damage and the surface has an overall worm and flaked finish. Also a small chip to the edge of one nostril and clearly in need of complete restoration. Length of body (shoulder to rump) 64cm.
