LOT 48

Ernest Castelein - Head and Shoulders Portrait of a Young Man, probably Stephen Tennant, oil on canvas, signed and date 1936, 49.5cm x 39cm, within a painted frame.

Estimate: £500 - £800

Condition Report

In good condition overall. Paint generally quite thin with exception to the right hand side around the jaw line and shoulder, this appears to be overpainting as it is inconsistent with the rest of the painting, but it does not particularly flare up under U.V. examination so may just be a laboured area, but more likely restoration. Frame in good condition, with very minor dents and knocks.
