LOT 503

A gold and diamond five stone ring, mounted with a row of cushion shaped diamonds graduating in size to the centre stone with diamond points at intervals, ring size approx L1/2.

Estimate: £150 - £250

Condition Report

503. Centre stone approx 0.25ct, next two stones approx 0.20ct each, outer two stones approx 0.10-0.15 each. Ring in generally good condition with typical light surface wear and scratches. One smaller outer stone has a chip to edge, otherwise stones in generally good order with typical surface abrasions. All stones fairly well matched, draw a bit of colour and have some internal inclusions visible under magnification.
