

Silver and Plate / Friday, 28th December 2018 / Lot 49

LOT 49

A George V silver model of the Spirit of Ecstasy, after a design by Charles Robinson Sykes, on a stepped circular base, London 1930 by Cornelius Desormeaux Saunders & James Francis Hollings, height 8.5cm (unused screw fitting to top).

Estimate: £100 - £200

Condition Report

49. Overall good condition, typical light surface scratches and wear. A dent/knock to the edge of the base. There is a curious threaded screw hole to the top of the figure between the wings of which its use is unknown to me. Full hallmark to base and part mark to figure. Engraved initials to base 'J. N'. Figure screws into the base.

It is a solid silver figure and base. No other weighting.

Weight 439g.
