

Jewellery / Wed, 23rd January 2019 / Lot 640

## LOT 640

A white gold, diamond and sapphire ring, collet set with the principal cushion shaped diamond within a surround of calibre cut sapphires and a shaped octagonal surround, set with circular cut diamonds, between circular cut diamond set 'V' shaped shoulders, detailed '750', ring size approx L, principal diamond weight approx 0.85ct.

Estimate: £1,800 - £2,500

---

## Condition Report

640. The principal diamond has a few black piqué and gletz inclusions. The surrounding sapphires have very slight surface wear to facet edges. Most of the smaller diamonds have one or two inclusions and a few of the diamonds have surface reaching inclusions. The ring has been sized at the back in the past. Cut: old European cut and old mixed cut diamonds and modified cut sapphires. The florescence of the stones is faint on average. Colour: approx J-K. Clarity: approx SI2-I1. The total sapphire weight is approx 0.06ct. Weight 3.9g.
