

Jewellery / Wed, 20th February 2019 / Lot 705

## LOT 705

A 9ct gold, amethyst and cultured pearl set oval hinged bangle, the front with an amethyst and half-pearl set flowerhead cluster between foliate pierced sides, London 1977, inside width 5.5cm.

Estimate: £300 - £500

---

## Condition Report

705. The bangle is a reproduction of an Edwardian design. The amethysts are of medium colour saturation. The two cultured pearls have attractive silvery lustre. The quality of cast decoration to the leaves is a little crude. The central seed pearl has a hairline crack. Weight 17.2g.
