### Condition Report

573. Bangle - some turquoise stones are cracked and repaired with some additional filling between stones. Typical surface wear and scratches. No marks. The bangle fits in the box but only loosely. It has always been with the box as long as the vendor can remember, but please be aware we are not saying it is definitely by Frank Patania.

Moonstone ring - marked '9ct'.

Pearl ring - unmarked.

Other ring - indistinctly marked.

All rings in generally good condition.

Earrings - good condition.
