LOT 1162

A late Victorian mahogany drop dial wall timepiece of small proportions, with brass single fusee movement, the painted 6-inch circular dial with black Roman numerals within a moulded circular surround with bowed apron, height 26cm, with pendulum and key.

Estimate: £60 - £100

Condition Report

1162. The clock is in relatively good condition. The case has had some restoration and re-polishing with repaired splits to veneer on front. Repaired splits to the surround. The base door is missing its lock. The glass has some nibbles around the edge near the hinge. Dial looks to have been repainted at some time. The movement only runs for 5-10 minutes or so but does not maintain power.
