

Cameras and Scientific Instruments / Thursday, 21st March 2019 / Lot 1181

LOT 1181

A late 19th century gilt brass cased pocket barometer, the silvered circular dial detailed 'B. Mallinson & Co Huddersfield', diameter 3.3cm, within original leather case, the hinged front inset with a compass, diameter 4.5cm.

Estimate: £70 - £100

Condition Report

1191. Compass appears to be working properly and barometer also in working order. Please note, the compass is a little loose in its leather case mount.
