LOT 675

A gold, platinum, aquamarine and diamond ring, mounted with the step cut aquamarine between diamond three stone shoulders, detailed '18ct Plat', a gold, platinum and colourless zircon single stone ring and a 9ct gold, emerald and diamond oval cluster ring.

Estimate: £120 - £160

Condition Report

675. Aquamarine & diamond ring - the ring is absolutely filthy so would definitely benefit from a clean. The aquamarine has a fairly large chip to the edge of the table down to one claw setting. Typical surface wear and scratches to diamonds and mount.

Aquamarine ring - size 'O'

Single stone ring - size 'N'

Cluster ring - 'Q'
