### Condition Report

574. Both in good clean condition.

### Addition Information

574. Width of panels 4mm. From top of curve to end of clip 14mm. Diamonds are tiny and have not been graded, but they are bright, white and sparkly. There are tiny '750' import marks on each post which are very tricky to read, but look like they are London import marks and maker's marks, possibly 'SY' (?). No apparent date letters.
