LOT 596

A Chaumet Paris gold and cabochon emerald single stone ring, detailed 'Chaumet Paris 148068', ring size approx K1/2.

Estimate: £180 - £220

Condition Report

596. The edge of the ring setting is a little unevenly finished. The surface of the emerald is not very smooth with a surface abrasion across the top probably due to a small chip. The gold is not marked so we cannot specify the carat.
