LOT 2061

A set of six folding garden armchairs with slatted seats and backs, height 97cm, width 53cm, together with a matching circular table, height 75cm, diameter 120cm.

Estimate: £50 - £80

Condition Report

2061. There appears to be no maker's name. Unsure whether it is teak but looks like it probably is. There is one faulty leg, where a bolt is missing and the joint is loose. There is also a crack to the underside edge of one arm where the bolt goes through. Otherwise overall weathering and bleached surface.
