LOT 690

An 18ct gold ring, claw set with a cut-cornered rectangular cut citrine, ring size approx K1/2.

Estimate: £60 - £100

Condition Report

690. Gold ring mount in good order, typical light surface scratches.

Stone is loose in its mount so would need attention. Stone has typical light surface abrasions and few very minor chips to corners, otherwise in generally good order. It is however very dirty to the back so would benefit greatly from a clean.
