### LOT 1084

A pair of Chinese famille verte porcelain pots, Kangxi period, with later European ormolu mounts, each globular body painted with flowers, total height 10cm (restoration and one missing ormolu base mount).

Estimate: £400 - £600

### Condition Report

1084. Both appear to have formally been small tankards which have lost their handles and been later metal mounted. Both have script mark in underglaze blue to base.

First - starcrack to side, wear to enamels, the metal mounts dirty and worn disguising the handle loss.

Second - approx two thirds of the body has yellowed old restoration, the metal mounts dirty and worn and missing base section.
