Condition Report

515. Bracelet is modern so condition is essentially as new. Stones are well matched and are bright, white and sparkly. There is some minor variation to grade of stones over the whole bracelet and inclusions only really become apparent when viewing stones under x10 magnification. The colour on average approx H/I. Some stones are clearer than others but clarity on average SI2/I1.

Please note this is a general overlook rather than an in depth grading of each stone.
