A Victorian gold, garnet and colourless gem set pendant brooch in a foliate and quatrefoil design with a circular pendant drop, length 6.5cm, with a case.

Condition Report

509. Two of the inner chain fittings have been re-fixed to the top section of the piece. One of the pear shaped garnets is chipped to one end. One of the colourless gems is a replacement and you can see evidence of glue around this. The suspension loop to the top does not look in keeping with the design of the piece. Weight 8.3g.
