LOT 2030

Two 19th century primitive elm ironworkers' stools, each thick shaped rectangular seat raised on three staked legs, width 38cm, together with a similar later example.

Estimate: £400 - £600

Condition Report

2030. Both of the stools with original seats are a really good colour and a lovely patina, some typical dents and marks but in good order. The other stool is a later example and does not really have the same feel or colour as the other two, also has a re-glued leg joint.
